

# Alarm clock, I hear your roar!

## Chapter 1 by nikkinjg

It's creepy how you intertwine with my dreams...

You don't know where it's coming from but you keep hearing a noise in the background. That noise keeps getting louder and closer, and then you realize... The fire alarm is going off as the room fills with smoke.

Dazed, confused, and scared, you run to the door and reach for the door knob. Immediately you feel pain from grabbing the door knob and realize the fire is close.

## Chapter 2 by nikkinjg

The fire alarm keeps getting louder by the minute, and it's starting to get hard to breathe. Your body goes numb and you don't know what to do. You start seeing weird things surrounding you. All hope of making it out alive disappear.

## Chapter 3 by intellikat

Suddenly, a muscular man in a fireman's outfit (most likely a fireman) burst through the wall like some Odysseus of old and scoops you up in his massive arms, a gleaming of snowy teeth through the ash and flame, and whisks you away to the fresh air and safety of what traditionally is called "the backyard".
